

WHY CHOOSE WOLFE VETS?

Wolfe Vets is unparalleled in terms of the care we provide to pets and the attention we give to pet owners. If your pet is unwell, we have the staff and facilities to manage critical or worrying injuries and illness, 24 hours a day. We are local, offer all routine health services, vaccinations, travel documentation and routine surgery.

Different to the other vets, these services are provided in RCVS Accredited, medically state of the art premises, by the best trained team of vets, recognised by the RCVS. We are much more than a local vet practice. We accept referrals from other London vet clinics in surgery, imaging, dentistry and ophthalmology.
